Tumaini Sickle Cell Organization

Highlights from the Last Quarter (Q4 2025)

The final quarter of 2025 was a season of impact, advocacy and community mobilization for Tumaini Sickle Cell Organization (TSCO). Below are the key activities carried out:

- **Workshop on Malaria & Sickle Cell Disease (2nd December 2025)**

In partnership with **AMREF Global Fund**, TSCO convened a workshop to spotlight the urgent need to integrate **pregnant women with Sickle Cell Disease (SCD)** into Kenya's malaria control programs.

These women face heightened vulnerability, and the workshop emphasized that malaria is not just a risk but a **health emergency for both mother and child**.

- **Community Sensitization & Advocacy Campaigns**

Our outreach teams continued grassroots mobilization across Western Kenya, raising awareness about SCD management, nutrition, and the importance of early screening. Caregivers and families were engaged in interactive sessions to strengthen community resilience.

- **Call to Action: Visibility in Health Systems**

TSCO launched a campaign urging policymakers and health institutions to **make SCD visible in malaria care**.

This advocacy push is part of our broader mission to ensure systemic inclusion of sickle cell warriors in national health strategies.

Upcoming Event: Sickle Cell Medical Camp

Upcoming Event: Sickle Cell Medical Camp

Event: Sickle Cell Medical Camp

Date: 14th February 2026

Venue: KMTC Grounds, Siaya County

This medical camp will provide **free screening, wellness check. Eye and Dental assessment and treatment, SHA registration, voluntary blood donation, Radiology, Pharmacy and lab services, BMT & IVF consultations, and health education** for individuals and families affected by SCD.

It will also serve as a platform for caregivers to access nutritional guidance and psychosocial support.

Message from the Director

“As we close 2025, we celebrate the strides made in advocacy and community outreach. Yet, our journey continues. The upcoming medical camp in Siaya County is a testament to our commitment to bringing care closer to the people. Our focus is to transform the lives of sickle cell warriors and their families.”

SCD Caregivers Conference 2025

How You Can Support

- * **Volunteer:** Join our team during the Siaya medical camp.
- * **Partner:** Collaborate with us to expand access to care.
- * **Donate:** Contributions help sustain our programs and reach more vulnerable communities.

Arise and shine the light on sickle cell disease. Let's make 2026 a year of hope, health, and empowerment for sickle cell warriors.
